

FAMILY DEVOTION!

“It’s MY Giant!”

“I Gotta Take On My Giant God’s Way!”

“Fight the good fight of faith...” – 1 Timothy 6:12

This week, we continue our series called, “GIANT!” In this series, we’re learning the importance of facing our giants - the problems that stand between us and God - and between us and what God has called us to be!

Read:

1 Samuel 17:32-40

Ask/Discuss:

- Who tried to help David?
- What did King Saul do to “help” David?
- Why was David wearing King Saul’s armor NOT a good idea?
- How did David decide to fight instead?

Say:

David stepped up to fight the giant, Goliath. When he did, King Saul decided he was going to “help David out.” He had all kinds of ideas and plans to bring David a victory. David realized this was his giant and he had to take on the giant God’s way, not “man’s” way. David knew God helped him against the lion and the bear in the past. He believed God would help him against the giant, Goliath, as well.

Ask/Discuss:

- Who/What are some voices that try to “help” you out or influence you, but are often wrong?
- Who’s voice should you listen to about how to defeat your giants? Why?

Say:

Placing more importance on God’s voice than the voices of others is not always easy, but God will prove Himself to be right every single time! God is our only source for strength. If we are going to take on the giants in our lives, we must trust God and do it HIS way.

Pray:

Pray for your children to commit to God that they will always trust Him to help them defeat the giants in their lives.
